COMMODORE'S CORNER

Here it is July and we haven't seen any summer yet. Maybe it will show in the next few weeks. The club is in good shape thanks to the hard work of Ray and all the volunteers. If we get some hot weather, we may be able

to use our facility more.

Our next cruise is to Cathlamet, July 16-18th, for Bald Eagle Days. Our social committee has put together a fun filled weekend - one not to be missed. If you can't come by boat, please consider about driving down for the day. I hope to see you there.

Our annual Bald Eagle Days cruise to Cathlamet is coming up the weekend of July 16 - 18. This is always a great time with lots of fun activities. Be sure to sign up with Ron Evans at 577-6272 to make sure that he

HOUSE MATTERS

The three boathouses are still waiting to be moved. When the river settles down and gives us the opportunity the moves will be made. Dale Olson (E-3 to D-2), Don Sims (D-2 to H-7) and Ray Prynne (H-7 to E-3).

2 DEEP DIVING COMPANY (the flotation company) will be here on FRIDAY, JULY 9 to do a walk through of the club facilities. We will be looking at individual boathouses and walkways and make suggestions about adding flotation where they think it is needed. At this time I

have heard from 3 boat house owners about adding flotation. After Friday I will have a better idea of prices and amounts of flotation they suggest for individual houses.

Our next scheduled work party is July 24th. The Pettersen 's will be providing lunch.

MOORAGE MATTERS

Moorage space B-7 has been assigned to Nil Roehne.

Space X-15, a 33' + space, is now open for bid.

If you are interested please e-mail me or send me (USPS) your boat specifics to be considered for this spot.

The bid for moorage is open for 30 days and decisions for open moorage spaces are made on the basis of seniority AND "compatibility in size and shape of the boat sought to be moored in such space."

While no one expects to be towed, thousands of BoatUS Members and non-members are towed by our towers every year. Boaters choose BoatUS more than any other towing service in the United States, Canada and Mexico. As with most large commercial towing companies, BoatUS towers charges are based on a "Portal to Portal" rate. This simply means that the towers charge from the time they leave their home port until the time they return to that same port. These charges average \$250 per hour! The distance you breakdown from your home port isn't important. It is the distance you breakdown from the towers homeport that matters. So, even if you only boat close to your port, if the tower's port is 10 miles away, your cost could exceed the expected.

Before you go out on the water this season, remind the members in your club to make sure they have the towing service level that meets their boating needs. BoatUS has a variety of service levels to meet you member's needs. To learn more about the pricing and services provided please tell your Group's members to call 800-888-4869 or visit BoatUS.com/Towing.

PYC would like to host a potluck at our clubhouse on Sunday, August 8. Social hour will start at 5:00 with the potluck to follow around 6:00. If your last name begins with A-G, bring a salad, H-O brings a main dish P-Z brings a dessert. See you there.

Dead ahead, through the pitch-black night, the captain sees a light on a collision course with his ship.

He sends a signal: "Change your course ten degrees east."

"Change yours ten degrees west," comes the reply.

The captain responds, "I'm a United States Navy captain! Change your course, sir!"

"I'm a seaman second class," the next message reads. "Change your course, sir."

The captain is furious. "I'm a battleship! I'm not changing course!"

"I'm a lighthouse. Your call."
